

TreadMarks
mobile

Rethink your relationship with tires

What is TreadMarks[®] mobile ?

- Software on a mobile device that replaces the paper forms currently used by OTS program participants.
- Captures all the components of a form electronically, including supporting documentation such as scale tickets.
- Transmits your transactions to OTS over a Wi-Fi Internet connection.
- No more paper for TCR, PTR, and STC transactions.
- No more hard copy submissions for TCRs, PTRs, and STCs.

When is this happening?

- June 2 – OTS mailed QR codes to all Collectors.
- July 7 - Haulers and Processors will begin receiving and using their mobile devices for training purposes. Paper forms will continue to be used to file claims.
- August 1 – TreadMarks Mobile fully implemented for TCR, PTR, and STC transactions.

Demo

iPad Overview | Charging | Reboot

- Connect your iPad to your Wi-Fi Internet (wireless) as soon as possible.
- It will remember your connection and reconnect when it comes within range.
- Transactions will not sync unless connected to Wi-Fi.
- Public Wi-Fi hotspots may be used, though they are not guaranteed to work quickly or without issue.
- Stakeholders may choose to add cellular data plans (Rogers, Bell, Telus) to the devices at their own costs.

Demo

Connecting to Wi-Fi

- Barcode that can be scanned by electronic devices.
- OTS QR Codes are encrypted and contain a participant's registration number.
- Photocopying the QR code is prohibited and may lead to OTS removing transactions from your claims and/or suspension/termination from the program.
- When a QR code is scanned we capture it's location.

Collector QR Codes

PROGRAM
PARTICIPANT

Rethink your relationship with tires

Zachary's Auto Garage
2000233-001

- All Collectors must have the QR code in place for any TCR pick-ups as of August 1, 2014.
- Beginning August 1, tire pick-ups at Collectors without a QR code must go on a UCR form, which means no CA or TI will be paid.
- Significant outreach effort to notify Collectors of changes.
- Hauler support in ensuring Collectors have QR code signs will benefit the roll-out of TMm and minimize service disruptions.

- Each Driver/Truck will receive a QR Code badge.
- Cannot use the app without your QR code.
- QR Code badges must be kept in a secure location.
- Photocopying the QR codes is strictly prohibited and will result in suspension/ejection from the program.

3000008-1

MACPHATTER GROUP INC

- The Processor QR Code must be scanned at some point within a PTR transaction.
- Photocopying the QR codes are strictly prohibited and will result in termination/suspension from the program.
- You are responsible for the distribution of QR Code badges within your organization.
- QR Codes will be replaced by iBeacons at some point in the near future.

- QR Codes for Processors will be replaced by iBeacons at some point in the near future.
- iBeacons are low energy Bluetooth devices which will transmit the Processor registration #, address, location to the Hauler's iPad, eliminating the need to scan a QR code.
- iBeacons eliminate the need for QR scans and can automate transactions for participants.

Submitting Your Claims

- There are no changes to the claims submission process.
- Login to the OTS website, verify your transactions, click to submit.
- Reporting periods and deadlines remain the same.

- How many iPads will each Hauler get?
OTS is assigning an iPad for each driver a Hauler has on the road at any given time, plus a set number of extras.
- What happens if the iPad stops working / breaks?
You will send your broken iPad to OTS and use your spare. We will send you a replacement device.
- How do I complete my daily pick-ups and deliveries if the iPad stops working?
In case your iPad stops working, you should use your spare. If that's not possible, we will accept paper forms. You must contact OTS for approval.

- What happens if I lose the iPad?
You will notify OTS immediately if your iPad becomes lost or stolen. We will deduct a replacement cost from your claim and send you a replacement device.
- How do I get support using the iPad?
Refer to the user guide, look on our online support, or look at in App help. Call or email OTS at any time for assistance.
- What supporting documentation do I have to send-in / keep?
Any supporting documentation for TCR, PTR, or STC transactions do not need to be sent to OTS. Other transaction types require regular paper forms and supporting documentation.

- How do I help my Collector get a QR code?
Call or email OTS if your Collector doesn't have a QR code.
- Does the iPad need internet to work?
The Internet is not necessary to perform transactions, however you must connect your iPad to Wi-Fi Internet and sync in order to send transactions to OTS.
- Can I keep the iPad if I am no longer hauling for OTS or made inactive?
Participants who are no longer part of the program must return their iPads and supporting documentation to OTS immediately.

- Can OTS mail out the iPads?
OTS will send a replacement devices by mail. However, you must come to OTS to pick up your iPads for launch of TMm.
- Can I use the iPad for personal use?
You may use any pre-loaded software on the device for ancillary use, but you cannot use the device for downloading, uploading, accessing, viewing, or distributing prohibited content.
